

**SAN JOSE WATER COMPANY NOTICE OF
WHOLESALE WATER RATES INCREASE FROM THE
SANTA CLARA VALLEY WATER DISTRICT**

Effective July 1, 2018, the Santa Clara Valley Water District (District) will increase the rates for purchased water and groundwater extraction fees charged to San Jose Water Company (SJWC). To cover the increased cost, on June 13, 2018, SJWC filed Advice Letter No. 523 with the California Public Utilities Commission (Commission) requesting authorization to increase revenues by \$13,731,580 or approximately 3.75%.

If approved by the Commission, the resulting monthly bill for the typical residential customer with a 3/4-inch meter using 11 water units (ccf) per month will increase by \$2.98 or approximately 3.61%. This amount will be reflected on the customer's bill as additional surcharges and cover the pass-through increase from the District. The surcharges are anticipated to become effective on or about July 1, 2018. A comparison of the current rates and the rates proposed is as follows:
