Schedule No. RCW

RECYCLED WATER METERED SERVICE

APPLICABILITY

Applicable to all recycled water metered service.

TERRITORY

Portions of Cupertino, San Jose, and Santa Clara, and in Campbell, Los Gatos, Monte Sereno, and Saratoga and in contiguous territory in the County of Santa Clara.

RATES

Quantity Rate:

Currently effective quantity rate as reflected in "*Schedule No. 1, General Metered Service*" less the treated water surcharge currently added to potable deliveries from the Santa Clara Valley Water District and less any applicable discount from the South Bay Water Recycling Program.

Service Charges:

Currently effective monthly service charge for the applicable meter size as reflected in "Schedule No. 1, General Metered Service".

SPECIAL CONDITIONS

1. For the purposes of this tariff a well user is defined as a customer of the Santa Clara Valley Water District who procures his/her non-potable supply from an on-site well as of the <u>first effective date of this tariff</u>. The service charge for well users will be in accordance with the following schedule:

Meter Size	Per Meter Per Month	
2-inch	\$31.43	(1)
3-inch	\$41.91	i i i
4-inch	\$47.14	
6-inch	\$78.59	1
8-inch	\$94.30	1
10-inch	\$146.69	(I)

The monthly service charge will change in an amount equal to changes in the monthly service charge for similarly sized meters under *"Schedule No. 1, General Metered Service"*. In addition to the service charge, such customers will be charged for the quantity of recycled water used at that site in the same amount billed to San Jose Water Company by the South Bay Water Recycling Program.

(D)

Schedule No. RCW

RECYCLED WATER METERED SERVICE (Continued)

- 2. The City of San Jose is responsible for the determination of customer eligibility for the South Bay Water Recycling Program.
- 3. The customer is responsible for notice of and compliance with all Customer Service Rules for use of recycled water as provided by the City of San Jose in addition to all local, state, and federal rules and regulations that apply from time to time to the use of recycled water, as defined in San Jose Water Company's Rule 1.
- 4. The utility will supply at the point of connection only such recycled water at such pressures as may be available from time to time from the San Jose/Santa Clara Water Pollution Control Plant. The customer agrees to make no claims against the utility for loss, damage or injury caused by service interruptions.
- 5. The customer shall defend and indemnify the utility and save it harmless from any and all claims arising out of service and water use under this schedule and shall further agree to make no claims against the utility for any loss, damage or injury resulting from service and water use under this schedule.
- As a condition for service under this schedule, all customers are required to comply with all of San Jose Water Company's tariffs, except for those specifically excluded by Appendix A of the Commission's General Order 103 regarding supply of water not intended or claimed to be potable.
- 7. All bills are subject to the reimbursement fee set forth on Schedule No. UF.
- 8. To offset the July 2016 increase in the Recycled Water Wholesale Rate from South Bay Water Recycling, as required by Section 792.5 of the Public Utilities Code, an increase in recycled water wholesale rates of \$178.00 /acre-foot, relative to the recycled purchase water costs adopted by D.16-06-004, and associated revenue increase of \$0.4102 per 100 cu.ft. This surcharge will be effective until January 1,2019 (T) when a Decision for Application 18-01-004 is scheduled to become effective and include the currently I effective Recycled Water Wholesale rate calculation in the authorized revenue requirement. (T)
- To offset the July 2017 increase in the Recycled Water Wholesale Rate from South Bay Water Recycling, (R) as required by Section 792.5 of the Public Utilities Code, an incremental increase in recycled water wholesale rates of \$103.00 /acre-foot, relative to the recycled purchase water costs authorized by Advice Letter 490, and associated revenue increase of \$0.2374 per 100 cu.ft. This surcharge will be effective until (T) January 1, 2019, when a Decision for Application 18-01-004 is scheduled to become effective and include I the currently effective Recycled Water Wholesale rate calculation in the authorized revenue requirement. (T)
- 10. To offset the July 2018 increase in the Recycled Water Wholesale Rate from South Bay Water Recycling, (N) as required by Section 792.5 of the Public Utilities Code, an incremental increase in recycled water I wholesale rates of \$114.00 /acre-foot, relative to the recycled purchase water costs authorized by Advice I Letter 509, and associated revenue increase of \$0.2627 per 100 cu.ft. This surcharge will be effective until I January 1, 2019, when a Decision for Application 18-01-004 is scheduled to become effective and include I the currently effective Recycled Water Wholesale rate calculation in the authorized revenue requirement.
