PRELIMINARY STATEMENT
(Continued)

V. Polyfluoroalkyl Substances (PFAS) Memorandum Account

(N)

1. Purpose

The purpose of the Polyfluoroalkyl Substances Memorandum Account (PFASMA) is to track incremental operating costs and expenses that are not otherwise covered in San Jose Water Company's revenue requirement in order to comply with the regulatory standards set by the State Water Resources Control Board to detect, monitor, report, and remediate perand polyfluoroalkyl substances ("PFAS") (such as perfluorooctanoic (PFOA) and perfluorooctanesulfonic acid (PFOS)) in drinking water.

2. Applicability

The entries in the PFASMA will track the incremental operating and administrative costs incurred in order to comply with the regulatory standards set by the State Water Resources Control Board to detect, monitor, report, and remediate perand polyfluoroalkyl substances ("PFAS") (such as perfluorooctanoic (PFOA) and perfluorooctanesulfonic acid (PFOS)) in drinking water and shall include, but is not limited to:

- a. Laboratory testing and monitoring fees;
- b. Customer outreach costs and public notifications;
- c. Chemical and operating costs for treatment;
- d. Incremental labor and necessary labor costs associated with complying with the regulatory standards set by the State Water Resources Control Board to detect, monitor, report, and remediate perand polyfluoroalkyl substances ("PFAS") (such as perfluorooctanoic (PFOA) and perfluorooctanesulfonic acid (PFOS));
- d. A debit entry shall be made to the PFASMA at the end of each month to record the expensed as discussed above;
- f. Interest shall accrue on a monthly basis by applying a rate equal to one-twelfth of the 90-day Non-financial Commercial Paper, as reported in the Federal Reserve Statistical Release, to the average of the beginning-of-month and the end-of-month balances.

3. Disposition

If the accumulated balance for the Polyfluoroalkyl Substances Memorandum Account exceeds 2% of the total authorized revenue requirement for the prior calendar year, the Company will file an advice letter to amortize the balance. If the cumulative 2% threshold is not met, the balance in the account will be amortized in San Jose's next General Rate Case. The recovery of under-collections or refunds of over-collections will be passed on to the customers through volumetric surcharges or surcredits.

4. Effective Date

The PFASMA shall go into effect on March 1, 2019.

5. Sunset Date

The PFASMA will remain in effect until new rates incorporating the requirements for treatment and remediation of PFAS/PFOS are placed into effect under the Company's next General Rate Case decision.
