(Continued)

FF. Drinking Water Fees Balancing Account (DWFBA)

(N)

1. Purpose

The purpose of the Drinking Water Fees Balancing Account (DWFBA) is to track the difference between all actual fees charged by the State Water Resources Control Board (State Board) (based upon the revised fee schedule adopted by the State Board on September 22, 2021, and any subsequent revision) and the State Board fees authorized in rates.

2. Applicability

The DWFBA will track the difference between the annual drinking water fees charged by the State Water Resources Control Board and the drinking water fees authorized in rates. Pursuant to Standard Practiced U-27-W of the Water Division, The DWFBA will earn interest at the 90-days commercial paper rates.

3. Disposition

SJWC shall report on the Status of the balancing account in its general rate case and shall propose adjustments to their rates in the context to amortize under- or over-collections in those accounts subject to reasonableness review. SJWC may propose such rate adjustment by advice letter at any time that the under- or over-collection in any such account exceeds two percent (2%) of annual revenue.

4. Effective Date

The DWFBA shall go into effect on the effective date of Advice Letter No. 572, which is December 15, 2021.
