

Ready to get even **smarter** about your water use?

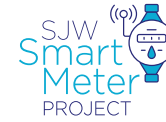

REMINDER: YOUR NEW SMART METER SYSTEM IS COMING SOON!

SJW
Smart
Meter
PROJECT

An icon of a smart water meter with a digital display and a wireless signal symbol above it.

Your new **Smart Meter System** will be installed in the next few weeks!

110 W. Taylor Street, San Jose, CA 95110

When the new customer portal is fully integrated into our billing system, you'll be able to:

CHECK WATER USAGE ANY TIME

It's great to know how much water you're using

RECEIVE LEAK ALERTS TO STAY INFORMED

Helps avoid property damage and other unwelcome surprises

ENSURE EFFICIENT WATER USE

Good for you and the environment

Installation details:

1. You do NOT need to be present for installation.
2. Installation team will NOT enter your home/business.
3. Water service will be interrupted during installation.
4. Commercial use customers will be contacted individually to coordinate meter upgrade.
5. If water is in use, they will return at a later date.
6. Additional info will be left when work is complete.

We are partnering
with Concord
Utilities Services
