Advice Letter No. 610

San Jose Water Company (U-168-W) (SJWC) hereby transmits for filing the following changes in tariff schedules applicable to its service area and which are attached hereto:

| <u>Cal. P.U.C Sheet No.</u> | <u>Title of Sheet</u> | <u>Cancelling Cal. P.U.C. Sheet No.</u> |
|---------------------------------|---|---|
| 2305-W | Schedule No.1 General Metered Service | 2298-W |
| 2306-W | Schedule No.1B General Metered Service with Automatic Fire Sprinkler System | 2300-W |
| 2307-W | Schedule No.1C General Metered Service with Mountain Service | 2301-W |
| 2308-W | Schedule No.4 Private Fire Service | 2286-W |
| 2309-W | Schedule RW Raw Water Metered Service | 2302-W |
| 2310-W | Schedule RCW Recycled Water Metered Service | 2288-W |
| 2311-W | Table of Contents | 2304-W |

These tariffs are submitted pursuant to General Order No. 96-B, Article 12 of the Rules and Procedure established by the California Public Utilities Commission in Decision No. (D.) 22-06-013, dated June 2, 2022.

By this filing, SJWC requests authorization to increase authorized ratebase by \$4,785,602 and revenue requirement by \$768,322 or 0.14% through ratebase offset for plant additions related to the Advanced Metering Infrastructure Project.

Background

On December 6, 2019, SJWC filed Application 19-12-002 (AMI Application) to request approval of cost recovery for its Advance Metering Infrastructure (AMI) project. On August 5, 2021, SJWC, Water Rate Advocates for Transparency Equity Sustainability (WRATES), and the Public Advocates Office (Cal Advocates) reached an all-party settlement on the AMI Application. The Commission issued D.22-06-013 on June 10, 2022, approving the all-party settlement in the AMI Application.

Per D.22-06-013 Ordering Paragraph 5:

“Beginning 30 days after the annual anniversary date of this decision beginning in 2023 and after each anniversary date through 2026, San Jose Water Company (SJWC) shall file a Tier 2 Advice Letter annually to include the recorded costs of deployment of the Advance Metering Infrastructure into rate base after it is made use and useful. Interest during construction will be accrued on a monthly basis at SJWC’s actual cost of debt.”

Following the schedule in the ordering paragraph would result in a rate change in early August. Because SJWC’s rates change annually on July 1 to recover the wholesale water cost increase from Valley Water, we proposed to have one rate change for the two filings, Valley Water and AMI, to become effective on July 1. Frequent rate changes are confusing to customers and difficult to handle in the billing system. Both the Water Division and Cal Advocates were agreeable to the proposal. This initial filing will cover the period of June 10, 2022, through April 30, 2024. Future annual filings will cover the 12-month period of May 1 through April 30. As of April 30, 2024, SJWC has put in service \$4,821,917 worth of capital investments. with calculated capitalized interest of \$56,621 results in total plant additions of \$4,878,538.

The AMI project is a large project that requires many components to be in place. Below a description of the AMI project components and the amounts that have been put in service as of April 30, 2024.

AMI Data Collector Network (\$982,054):

The AMI Data Collector Network includes base stations (antennas) that collect meter data remotely from the meter endpoints, and networking equipment (router, firewalls, VPN tunnels) that send meter data to the AMI Headend System.

AMI Meters Endpoint (\$3,749,926):

Each AMI meter is connected to an endpoint that remotely transmits hourly meter reads to the AMI Data Collector Network. The older meters will be replaced, while the newer meters will be retrofitted with a new register.

AMI Headend System (89,938):

The AMI Headend System receives meter reads and alerts remotely through the AMI Data Collector network. The AMI Headend System is responsible for finding all smart meters deployed in the field, collecting the meter data on a defined interval, and processing alarms such as tampering, reverse flow, continuous flow, and high flow

Revenue Requirement

The capital addition is adjusted for depreciation and other standard expenses¹ for rate base offset filings resulting in a rate base increase of \$4,785,602² and revenue increase of \$768,322 or 0.14% as provided in the workpapers.

Effective Date

SJWC requests that the updated tariff sheets be effective July 1, 2024, to coincide with the rate change requested in Advice Letter 609 for the Valley Water wholesale water increases effective the same date to minimize customer confusion. The rates proposed in this filing is additive to those proposed in Advice Letter 609.

¹ Property tax, uncollectible, and franchise tax.

² Capital additions were adjusted for weighted depreciation to arrive at total addition to rate base.

Protests and Responses

Anyone may respond to or protest this advice letter. A response does not oppose the filing but presents information that may prove useful to the Commission in evaluating the advice letter. A protest objects to the advice letter in whole or in part and must set forth the specific grounds on which it is based. These grounds may include the following:

- (1) The utility did not properly serve or give notice of the advice letter;
- (2) The relief requested in the advice letter would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
- (3) The analysis, calculations, or data in the advice letter contain material error or omissions;
- (4) The relief requested in the advice letter is pending before the Commission in a formal proceeding;
- (5) ,The relief requested in the advice letter requires consideration in a formal hearing, or is otherwise inappropriate for the advice letter process; or
- (6) The relief requested in the advice letter is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the Commission).

A response or protest must be made in writing or by electronic mail and must be received by the Water Division within 20 days of the date this advice letter is filed. The address for mailing or delivering a protest is:

Tariff Unit, Water Division, 3rd floor
California Public Utilities Commission,
505 Van Ness Avenue
San Francisco, CA 94102
water_division@cpuc.ca.gov

On the same date the response or protest is submitted to the Water Division, the respondent or protestant shall send a copy of the protest by mail to us, addressed to:

Regulatory Affairs
San Jose Water Company
110 West Taylor Street
San Jose, CA 95110
Fax 408.279.7934
regulatoryaffairs@sjwater.com

The advice letter process does not provide for any responses, protests or comments, except for the utility's reply, after the 20-day comment period. Public notice is not required.

In compliance with Paragraph 4.3 of GO 96-B, a copy of this advice letter has been mailed to all interested and affected parties as detailed in the service list.

SJWC has Advice Letter 609 pending before the Commission.

This filing will not cause the withdrawal of service, nor conflict with other schedules or rules.

Very truly yours,

/s/ Nanci Tran

NANCI TRAN
Manager of Regulatory Affairs

Schedule No. 1

GENERAL METERED SERVICE

APPLICABILITY

Applicable to general metered water service.

TERRITORY

Portions of Cupertino, San Jose, and Santa Clara, and in Campbell, Los Gatos, Monte Sereno, and Saratoga and in contiguous territory in the County of Santa Clara.

RATES

Quantity Rate Per 100 cu.ft. (Ccf):

Residential Customers with 5/8 x 3/4-inch, 3/4-inch, 1-inch, 1 1/2-inch or 2-inch meter

| | | | |
|------------------------------|---------------|-----------|-----|
| For Total Monthly Usage from | 0 to 6 ccfs | \$5.5114 | (I) |
| For Total Monthly Usage from | 6+ to 12 ccfs | \$7.3869 | (I) |
| For Total Monthly Usage over | 12 ccfs | \$10.7770 | (I) |

All Other Customers

| | | |
|--|----------|-----|
| For all water delivered per 100 cu. ft | \$7.3869 | (I) |
|--|----------|-----|

Service Charges

| All Customers: | <u>Per Meter Per Month</u> | | |
|-------------------------------|----------------------------|-----|-----|
| For 5/8 x3/4-inch meter | \$55.51 | (I) | |
| For 3/4-inch meter | \$55.51 | | |
| For 1-inch meter | \$92.59 | | |
| For 1 1/2-inch meter | \$185.18 | | |
| For 2-inch meter | \$296.28 | | |
| For 3-inch meter | \$555.51 | | |
| For 4-inch meter | \$925.84 | | |
| For 6-inch meter | \$1,851.72 | | |
| For 8-inch meter | \$2,962.74 | | |
| For 10-inch meter | \$4,258.93 | | (I) |

The Service charge is a readiness-to-serve charge which is applicable to all metered service and to which is added the charge for water used computed at the Quantity Rate.

Schedule No. 4
PRIVATE FIRE SERVICE

APPLICABILITY

Applicable to all water service furnished to privately owned fire protection systems.

TERRITORY

Portions of Cupertino, San Jose, and Santa Clara, and in Campbell, Los Gatos, Monte Sereno, and Saratoga and in contiguous territory in the County of Santa Clara.

RATES

Service Connection
Per Month

Table with 4 columns: Service Description, Rate, and Notes. Rows include 2-inch through 12-inch services with rates ranging from \$55.85 to \$307.16.

SPECIAL CONDITIONS

- 1. The fire protection service connection shall be installed by the utility and the cost paid by the applicant. Such payment shall not be subject to refund. The facilities paid for by the applicant shall be the sole property of the applicant.
2. If a distribution main of adequate size to serve a private fire protection system, in addition to all other normal service, does not exist in the street or alley adjacent to the premises to be served, then a service main from the nearest existing main of adequate capacity shall then be installed by the utility and the cost paid by applicant. Such payment shall not be subject to refund.
3. Service hereunder is for private fire protection systems to which no connections for other than fire protection purposes are allowed and which are regularly inspected by the underwriters having jurisdiction, are installed according to specifications of the utility, and are maintained to the satisfaction of the utility. The utility may install the standard detector type meter approved by the Board of Fire Underwriters for protection against theft, leakage or waste of water and the cost paid by the applicant. Such payment shall not be subject to refund.

Schedule No. RCW

RECYCLED WATER METERED SERVICE

APPLICABILITY

Applicable to all recycled water metered service.

TERRITORY

Portions of Cupertino, San Jose, and Santa Clara, and in Campbell, Los Gatos, Monte Sereno, and Saratoga and in contiguous territory in the County of Santa Clara.

RATES

Quantity Rate:

Currently effective quantity rate as reflected in "Schedule No. 1, General Metered Service" less the treated water surcharge currently added to potable deliveries from the Santa Clara

Service Charges:

Currently effective monthly service charge for the applicable meter size as reflected in "Schedule No. 1, General Metered Service".

SPECIAL CONDITIONS

1. For the purpose of this tariff a well user is defined as a customer of the Santa Clara Valley Water District who procures his/her non-potable supply from an on-site well as of the first effective date of this tariff. This service charge for well users will be in accordance with the following schedule:

| <u>Meter Size</u> | <u>Per Meter Per Month</u> |
|-------------------|----------------------------|
| 2-inch | \$45.49 (I) |
| 3-inch | \$60.67 |
| 4-inch | \$68.24 |
| 6-inch | \$113.79 |
| 8-inch | \$136.51 |
| 10-inch | \$212.36 (I) |

The monthly service charge will be changed in an amount equal to changes in the monthly service charge for similarly sized meters under "Schedule No. 1, General Metered Service". In addition to the service charge, such customers will be charged for the quantity of recycled water used at that site in the same amount billed to San Jose Water Company by the South Bay Water Recycling Program.
