

Schedule No. RCW

Page No. 1

RECYCLE WATER METERED SERVICE**APPLICABILITY**

Applicable to all recycled water metered service.

TERRITORY

Portions of Cupertino, San Jose, and Santa Clara, and in Campbell, Los Gatos, Monte Sereno, and Saratoga and in contiguous territory in the County of Santa Clara.

RATE**Quantity Rate:**

Currently effective quantity rate as reflected in "Schedule No. 1, General Metered Service" less the treated water surcharge currently added to potable deliveries from the Santa Clara Valley Water District and less any applicable discount from the South Bay Water Recycling Program.

Service Charges:

Currently effective monthly service charge for the applicable meter size as reflected in "Schedule No. 1, General Metered Service".

SPECIAL CONDITIONS

- For the purpose of this tariff a well user is defined as a customer of the Santa Clara Valley Water District who procures his/her non-potable supply from an on-site well as of the first effective date of this tariff. This service charge for well users will be in accordance with the following schedule:

Service Charges

<u>Meter Size</u>	<u>Per Meter Per Month</u>	
2-inch meter	\$49.15	(l)
3-inch meter	\$65.55	
4-inch meter	\$73.73	
6-inch meter	\$123.14	
8-inch meter	\$147.50	
10-inch meter	\$229.44	(l)

The monthly service charge will be changed in an amount equal to changes in the monthly service charge for similarly sized meters under "Schedule No. 1, General Metered Service". In addition to the service charge, such customers will be charged for the quantity of recycled water used at that site in the same amount billed to San Jose Water Company by the South Bay Water Recycling Program.

RECYCLE WATER METERED SERVICE

(Continued)

SPECIAL CONDITIONS

2. The City of San Jose is responsible for determination of customer eligibility for the South Bay Water Recycling Program.
3. The customer is responsible for notice of and compliance with all Customer Service Rules for use of recycled water as provided by the City of San Jose in addition to all local, state, and federal rules and regulations that apply from time to time to the use of recycled water, as defined in San Jose Company's Rule 1.
4. The utility will supply at the point of connection only such recycled water at such pressure as may be available from time to time from the San Jose/Santa Clara Water Pollution Control Plant. The customer agrees to make no claims against the utility for loss, damage or injury caused by service interruptions.
5. The customer shall deferred and indemnify the utility and save it harmless from any and all claims arising out of service and water use under this schedule and shall further agree to make no claims against the utility for any loss, damage or injury resulting from service and water use under this schedule.
6. As a condition for service under this schedule, all customers are required to comply with all of San Jose Water Company's tariff, except for those specically excluded by Appendix A of the Commission's General Order 103 regarding supply of water not intended or claimed to be potable.
7. All bills are subject to the reimbursement fee set forth on Schedule No. UF.

8. The billing period service charges and all applicable flat rate charges and credit bill be calculated unsing the Uniform F

(D)

(T)

$$\left(\frac{\text{Number of Billing Days at Effective Service Charge}}{30.4375} \right) \times (\text{Effective Service Charge}) = \text{Billed Service Charge}$$

(D)

(D)

(N)

9. To amortize the balance of the 2024 GRC Balancing and Memorandum Accounts, a surcharge of \$0.3668 per Ccf will be added to the quantity rate for the duration of 12 months beginning on January 1, 2025, the effective date of AL613.
